

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24503

Stream : Unnamed Tributary East
Fork White River

Applicant : Pleas S Abner
386 Churchcamp Road
Bedford, IN 47421-7475

Description : A dike will be created along 805' of the stream as part of a wetland restoration project. Additional work in the floodway will include construction of a 12' by 150' gravel access road. Details of the project are contained in information and plans received at the Division of Water on September 20, 2007, October 10, 2007 and October 23, 2007.

Location : Beginning approximately 300' north of the confluence with West Fork White River and extending 600' east
near Bedford, Shawswick Township, Lawrence County
NW¼, NE¼, SE¼, Section 1, T 4N, R 1W, Bedford East Quadrangle
Quad Code: 3808674
UTM Coordinates: Downstream 4295809 North, 544855 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24522

Stream : Deer Creek

Applicant : Altra Indiana, LLC
Jerry E Luedeman
2265 East County Road 800 South
Cloverdale, IN 46120-8431

Description : A 12" diameter water line will be placed beneath Deer Creek to provide water to Altra Indiana, LLC. The line will be placed by the boring beneath Deer Creek and open trench method parallel to creek. It will have a minimum of 4' of cover beneath the streambed and 4' in the banks. The line will not be encased for the section below the streambed and will be ductile iron restrained joint pipe. Details of the project are contained in information received electronically at the Division of Water on October 3, 2007 and in plans and information received at the Division of Water on

Location : Beginning approximately 1000' north of the County Road 325 South stream crossing and extending downstream approximately 13,000'
DOWNSTREAM: near Reelsville, Washington Township, Putnam County
SW¼, NE¼, SW¼, Section 26, T 13N, R 5W, Reelsville Quadrangle
Quad Code: 3908658
UTM Coordinates: Downstream 4376050 North, 505615 East
UPSTREAM: SE¼, NE¼, SW¼, Section 19, T 13N, R 4W

UTM Coordinates: Upstream 4377680 North, 508780 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24529

Stream : Wabash River

Applicant : Wabash County YMCA
Julie Echard
275 West Market Street
Wabash, IN 46992-3057

Description : A stormwater outfall structure will be constructed along the north (right) bank of the Wabash River to accomodate stormwater runoff from the YMCA multipurpose facility located landward of the floodway. A 36" diameter reinforced concrete outfall pipe will be buried to a depth of 6' in the floodplain. The 179' long pipe will carry stormwater from the multipurpose faciltiy area to the creek. The pipe will terminate with a concrete headwall and metal end section. An energy dissipator will be constructed at the base of the end section. The dissipator will consist of a 24' long by 16' wide riprap apron. Details of the project are contained in information and plans received at the Division of Water on October 4, 2007.

Location : Along the right (north) river bank, approximately 1600' downstream from the State Road 15 crossing
near Wabash, Noble Township, Wabash County
SE¼, SW¼, NW¼, Section 14, T 27N, R 6E, Wabash Quadrangle
Quad Code: 4008577
UTM Coordinates: Downstream 4516121 North, 599156 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-24540

Stream : Flatfork Creek

Applicant : Hamilton County
Matt Knight
1700 South 10th Street
Noblesville, IN 46060-3835

Description : The existing concrete arch bridge carrying 101st Street over Flatfork Creek will be replaced with a single span prestressed concrete I-beam bridge. The new structure will have a span length of 85'. The structure will have an out-to-out length of 91' and a clear roadway width of 41' 2". The spill through abutments will have 2:1 sideslopes armored with riprap placed over a geo-textile fabric. The abutments will be skewed 5 degrees to align with the streamflow. The new approach roads will be elevated a maximum of 10.5' above the existing approaches. Details of the project are contained in information and plans received at the Division of Water on October 9, 2007.

Location : Along the E and W bank of Flatfork Cr beginning 2180' E of Cyntheanne Rd and 70' S of 101st St continuing downstream approx 140' near Fortville, Fall Creek Township, Hamilton County
NE¼, NE¼, SW¼, Section 8, T 17N, R 6E, Ingalls Quadrangle
Quad Code: 3908587
UTM Coordinates: Downstream 4421271 North, 596258 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24555

Stream : South Fork Wildcat Creek

Applicant : Paul K Pence
7907 State Road 38 East
Lafayette, IN 47905-7568

Description : Approximately 2500' of South Fork Wildcat Creek's eroded south (left) streambank will be stabilized with riprap to protect the bank from further erosion. The riprap will be keyed into the streambed at its base and will conform to the existing bank at the project limits. Also a short wingdam is proposed to divert flow away from the west bridge support of the State Route 38 crossing and direct the flow towards the middle of the channel. Details of the project are contained in information and plans received at the Division of Water on October 22, 2007.

Location : beginning at the State Route 38 stream crossing and extending approximately 2500' upstream along the south bank
near Dayton, Sheffield Township, Tippecanoe County
NE¼, NW¼, NW¼, Section 10, T 22N, R 3W, Mulberry Quadrangle
Quad Code: 4008636
UTM Coordinates: Downstream 4469227 North, 521301 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24565

Stream : Unnamed Tributary Big Cedar Creek

Applicant : Rockies Express Pipeline LLC
Alice Weekley
500 Dallas Street, Suite 1000
Houston, TX 77002-4718

Description : A 42" diameter steel natural gas pipeline will be placed beneath an unnamed tributary to Big Cedar Creek by the open-cut construction method. It will have a minimum of 5' of cover beneath the streambed and a minimum of 3' in the banks. Details of the project are contained in information received electronically at the Division of Water on October 19, 2007 and in plans and information received at the Division of Water on October 24, 2007.

Location : The pipeline will cross the tributary to Big Cedar Creek about 1.8 miles northeast of the center of Cedar Grove, Indiana, about 1.8 miles due west of Sharptown, Indiana, about 1.6 miles northwest of the intersection of English Hill Road and Mueller Road, and about 1.3 miles west of the intersection of Mueller Road and Sharptown Road.
Near Cedar Grove, Whitewater Township, Franklin County
Section 8, T 8N, R 1W, Cedar Grove Quadrangle
Quad Code: 3908438

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24566

Stream : Little Cedar Creek

Applicant : Rockies Express Pipeline LLC
Alice Weekley
500 Dallas Street, Suite 1000
Houston, TX 77002-4718

Description : A 42" diameter steel natural gas pipeline will be placed beneath Little Cedar Creek by the open-cut construction method. It will have a minimum of 5' of cover beneath the streambed and a minimum of 3' in the banks. Details of the project are contained in information received electronically at the Division of Water on October 19, 2007 and in plans and information received at the Division of Water on October 22, 2007.

Location : The pipeline will cross Little Cedar Creek about 2.5 miles southeast of the center of Brookville, Indiana, about 0.6 mile north of the confluence of Little Cedar Creek and Whitewater River, and about 0.5 mile north of the intersection of U.S. Highway 52 and Little Cedar Road.
Near Brookville, Brookville Township, Franklin County
Section 33, T 9N, R 2W, Whitcomb Quadrangle
Quad Code: 3908448

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-24567

Stream : Wolf Creek

Applicant : Rockies Express Pipeline LLC
Alice Weekley
500 Dallas Street, Suite 1000
Houston, TX 77002-4718

Description : A 42" diameter steel natural gas pipeline will be placed beneath Wolf Creek by the open-cut construction method. It will have a minimum of 5' of cover beneath the streambed and a minimum of 3' in the banks. Details of the project are contained in information received electronically at the Division of Water on October 19, 2007 and in plans and information received at the Division of Water on October 22, 2007.

Location : The pipeline will cross Wolf Creek about 2.1 miles east/northeast of Oak Forest, Indiana, about 2.9 miles southwest of Brookville, Indiana, about 1.7 miles west/southwest of the confluence of Wolf and Blue Creeks, and about 0.5 mile southwest of the intersection of Wolf Creek Road and Forest Hill Road.

The project area is located within Section 1, Township 9N, Range 3W (in Brookville Township).

Near Brookville, Brookville Township, Franklin County
Section 1, T 9N, R 3W, Brookville Quadrangle
Quad Code: 3908541

30 Day Public Notice Report

Application # : FW-24569

Stream : Elkhart River

Applicant : Noble County Board of Commissioners
Keith A Lytton
1118 E. Main Street
Albion, IN 46701

Description : The superstructure of the existing single span bridge carrying Bridge Street over Elkhart River will be replaced with a new superstructure on the same alignment. The existing abutments will remain. The number of spans will be the same. No work will be done below the 100-year flood elevation. The overall bridge width will be widened slightly to 30' 6" from the existing bridge width of 26'. The new superstructure will be precast concrete bulb-T beams with an 8" concrete deck. The low structure elevations of both the existing and proposed superstructures are above the 100-year flood elevation at this project location. The approach roadway grade and approach guardrail will remain above the 100-year flood elevation within the proposed project limits. The waterway area provided through the existing structure is 694 square feet and the existing roadway overflow is 0 square feet. The waterway area provided through the proposed structure is 694 square feet. and the roadway overflow will remain at 0 square feet., same as existing. This bridge rehabilitation project is locally funded. Details of the project are contained in information received electronically at the Division of Water on October 25, 2007 and in plans and information received at the Division of Water on

Location : This project is located on Bridge Street between Lincoln Way and Gerber Street at Ligonier, Perry Township, Noble County

30 Day Public Notice Report

Application # : PL-20895

Lake : Lime Lake

Applicant : Arthur R Munch
745 Murrell Drive
Kettering, OH 45429-1321

Description : Approximately 600' of shoreline will be dredged to allow access for boats. Accumulated muck and debris will be removed from the lake bed by dredging to a maximum depth of 3' below the lake's legal level at the center of the pond and sloping uniformly to a depth of 2' at the shoreline. The excavated material will be transported to an upland containment area for dewatering and disposal. Details of the project are contained in information and plans received at the Division of Water on October 9, 2007, October 15, 2007 and October 22, 2007.

Location : 180, Lane 115
near Orland, Millgrove Township, Steuben County
SE¼, SW¼, NW¼, Section 35, T 38N, R 12E, Angola West Quadrangle
